Pupils will not be released to anyone except their parent/guardian without a written request from the parent/guardian submitted to the school. Parents desiring their child to go home with another pupil, or to be picked up by others, or to go to a babysitter after school, must provide such information to the school.

Parents who need to take their child from school during the school day will call for them at the office (rather than going to the classroom).

MEDICATION

School personnel are not allowed to administer prescriptive medicine to students unless the school has on record:

- 1) Written orders from a physician indicating the name of the student, name of the drug, dosage, time interval between doses, and diagnosis or purpose for the medication, and

Student behavioral records are student records which include psychological tests, personality evaluations, records of conversations and any written transcript of incidents relating specifically to student behavior.

Student progress records are student records which include transcripts of grades and courses taken, records of attendance, tests relating specifically to achievement and measurement of ability, and records of health.

Student progress records shall be available for inspection by the parent/guardian requesting to see such records. However, student behavioral records may be inspected by parent/guardian or teacher only in the presence of an individual qualified to explain or interpret the records. Persons qualified to explain or interpret the records are the principal, school counselor, or other persons designated by the principal as having appropriate qualifications.

STUDENT ACCIDENT INSURANCE

Parents/Guardians may at their option, purchase accident insurance for their children who are students in the school. There is a choice of coverage during schooltime or 24-hour coverage. Forms will be provided by the school for enrollment. This program is sponsored by the Oregon School Boards Association.

VISITING SCHOOL

Occasions are offered throughout the year for parents to attend programs and Open House. Parents are also encouraged to visit their child's classroom. Teachers are available for conference by appointment. The Principal may be contacted any time during the school day.

We do not permit juvenile visitors to visit class at any time during the school day. Their presence is a distraction to the child they are visiting. This is a school where learning takes place. We do not offer babysitting services.

ADDRESS CHANGE

Any change of address, telephone number or emergency information should be given to the school office for the child's records. Unlisted phone numbers will be kept in strict confidence.

EARLY DISMISSAL

It may occasionally be necessary to close school early due to threatening weather conditions, power failure, or other reasons. In this event, the pupils will be sent home. This information will be broadcast over radio stations. We realize that many parents work or often have plans that will keep them away from home for the day. Parents should inform their children of their plans for the day with instructions for them in case of emergencies.

SCHOOL PICTURES

School pictures, which are taken in the fall, are an optional purchase. Information concerning the procedures to be followed will be issued at that time. Pictures will be paid for at the time they are taken.

LOST AND FOUND

All coats, jackets, rubber overshoes, P.E. clothes and any other items that might be lost through the school year should have some identification on them. This especially is true for the pupils in the primary grades.

We have a lost and found container at the school. Parents and students are welcome to check it at any time if your child has lost an item.

BAND

Band is offered at Lewis & Clark School for students in grades 4-8. There are some school instruments available to students for a small fee each month, payable in advance. However, it is most desirable for students to plan on renting or buying their own instrument.

SPORTS

The sports program at Lewis & Clark School consists of the following for grades 7 and 8:

Girls' Volleyball	(September - October)
Boys' Basketball	(November - January 15)
Girls' Basketball	(January 15 - March)
Boys' Track & Field	(April - May)
Girls' Track & Field	(April - May)

NOTE: Football was discontinued beginning Fall, 1984 due to an insufficient number of boys to field teams. An alternative was established whereby interested 7th and 8th grade boys participated at Astoria Middle School. This alternative will again exist during the 1985-1986 school year, and we will again provide school bus transportation from the Lewis & Clark School to the Astoria Middle School. Parents will be responsible for transportation from Astoria Middle School to home.

PUPIL CONDUCT AND DISCIPLINE

Student self discipline is a high priority at the Lewis & Clark School. Discipline is a learning process which is influenced by all the experiences of a child. Each pupil has a right to learn, and each teacher has a right to teach in a safe and supportive environment. Each pupil will be aware of the positive and negative consequences of his/her behavior. All pupils must demonstrate courtesy and respect for each other. The staffs' goal is to send students on with the ability to be self-governing responsible young people.

To this end the staff will provide a discipline climate focusing on:

1. Respect for rights, dignity, and safety of individuals.
2. Compliance with school rules.
3. Respect for public and private property.
4. Development of self respect, self concept, and self discipline.

Everyone realizes, or should, that there needs to be a set of rules that governs pupil conduct and provides the pupil with guidelines for meeting the goal of self direction. Similarly, there needs to be responsibilities of the staff in supervising pupils. These guidelines and rules have been developed as follows from state statutes and policies of the Lewis & Clark School Board.

1. Friable asbestos-containing material appears to exist in the Lewis & Clark school, located in the boiler room and the hallway alongside the covered play area.
2. It is important to note that not all friable asbestos-containing material need be removed from schools. Once such material has been identified, a program can be implemented to ensure that the material is maintained in good condition and that appropriate precautions are followed when the material is disturbed for any reason.
